

# 2011 Apprenticeships now open!

The best opportunity in the Hunter Valley

**COAL  
&  
ALLIED**

*Managed by Rio Tinto Coal Australia*

**novaskill**

Rio Tinto Coal Australia is one of Australia's leading mining organisations with a highly successful record in the development and management of world-class open cut coal operations.

NovaSkill, in conjunction with Coal & Allied, are offering opportunities for you to work as a Plant Mechanic or Electrician at one of our NSW operations including Bengalla, Mt Thorley/Warkworth and Hunter Valley Operations. These innovative apprenticeship programs ensure an integrated rotation plan that aims to expose you to a broad range of mechanical and electrical functions in a world-class environment.

We're looking for self-motivated team players to participate in a 4 year apprenticeship program commencing in January 2011.

To apply for these opportunities please send a written application detailing the following information:

- ★ **School Certificate (completed or near completion) and school results (including 2 most recent reports)**
- ★ **Your strong commitment to safety**
- ★ **Work experience, extra-curricular activities and interests**
- ★ **Your desire to learn and work within a challenging environment**
- ★ **Names and contact details of two referees**

This exciting opportunity will give you the prospect to drive your career to an area that will ensure your success in the future. Applications can be sent to [recruitment@novaskill.com.au](mailto:recruitment@novaskill.com.au) or Recruitment, NovaSkill, PO Box 328, New Lambton 2305 before Friday 25 June 2010. RTCA and NovaSkill actively promote equal opportunity in the workplace. Indigenous Australians are encouraged to apply.
